2012

Mr. Praveen Chand Dhandhanian launched "Keya", an apparel manufacturing brand.

2015

Our 8000 sq ft. corporate office was established to house all group companies under one roof.

Group of Companies

Cotton Emporium is the domestic cotton trading arm of our group of companies. It started with supplying cotton bales to spinning mills near Kolkata in Eastern India and expanded its network to Southern India. Eventually, it also ventured in the Western and North Indian markets, establishing a pan India connect of both demand and supply. On the basis of volume, Cotton Emporium has a turnover between 20,000 to 25,000 MT.

Acquired in the late 1990's, **Sri Annapurna Cotton Mills** is a premier spinning mill near Kolkata. With a capacity of around 30,000 spindles, it is renowned in local markets for its "Melange Yarns". Among the array of products that Sri Annapurna produces, some prominent ones are: Cotton, Acrylic, Polyester, Viscose and other value added blended yarns based on customer requirements.

Keya is the garment manufacturing arm of the group. With its commencement in 2012, Keya initially focused on the manufacturing of leggings. Soon after, its existence was spread pan India. Today, it offers over 260 colors in the leggings segment while also manufacturing other womenswear apparels like straight pants, kurta pants, cycling shorts, capris, camisoles and palazzo. With its newest venture being kidswear, Keya plans on establishing itself in that market as well.

We, at Dhancot, are exporters and importers of cotton bales based in Kolkata, India. Our exports commenced in the year 2000 when the Govt. of India allowed private companies to export cotton from the country. Our main markets include Bangladesh, China, Pakistan and Indonesia and with the help of our pan India connect of cotton suppliers as well as the timely shipment of quality cotton, we have successfully created a niche in the international markets. Guided by a clear set of values and built on a strong foundation of quality and commitment, Dhancot strives to continue it's operations in its existing markets as well as expand to newer ones.

Vision & Mission

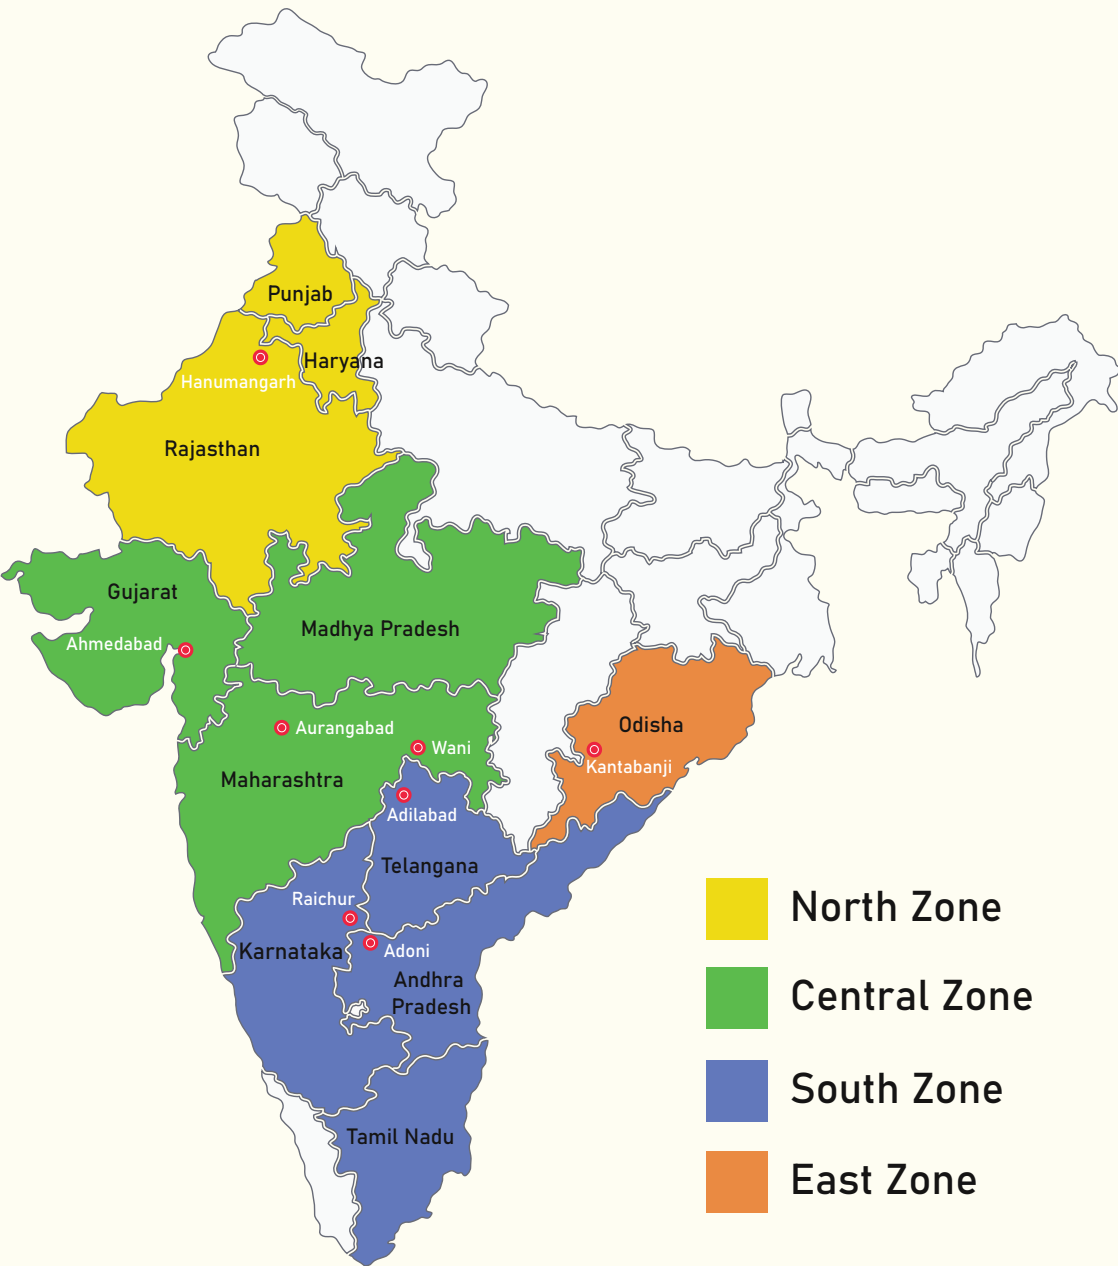

- To be a leading quality and commitment driven global cotton supplier.
- » At Dhancot, we aim at growing from strength to strength by not only venturing into newer markets and untapped clientele but also keep our existing suppliers and buyers intact without compromising on quality and shipment commitments.
- » We also look forward to increasing our product horizon by foraying into yarn trading and exports as well.

Our USP

- From farm till fabric.
- Serving through four generations.
- Cotton bales loading by our personnel only.
- Cotton Selection first by experienced classers by hand, then by HVI machine test ensuring quality.
- Can supply BCI, Organic cotton.
